

Safety Data Sheet

For Compliance with OSHA 29 CFR 1910.1200 and ANSI Z400.1-1998

Sesame Oil,NF (Parenteral Grade)

30-5109

Section 1: Identification

Product Name Sesame Oil,NF (Parenteral Grade)

Commercial Name N/A

Product Use N/A

Restrictions On Use N/A

Product Code 30-5109

Company PCCA
9901 South Wilcrest
Houston, TX 77099
Phone: 1-800-331-2498
Fax: 1-800-874-5760

In case of emergency contact:
CHEMTREC (24hr) 1-800-424-9300

Section 2: Hazard(s) Identification

OSHA Haz Com: This product does not meet the criteria for classification in any hazard class according to Regulation (EC)
CFR 1910.1200 No. 1272/2008 on classification, labelling and packaging of substances and mixtures. An SDS is not required for this product.

Signal Word NON-HAZARDOUS

Hazard Statement(s) N/A

Pictogram(s) or Symbol(s)

Precautionary Statement(s):

Prevention N/A

Response N/A

Storage N/A

Disposal N/A

Section 3: Composition/Information on Ingredients

Substance/Mixture Substane

Components Refined Sesame Oil

% By Weight N/A

CAS# 8008-74-0

Molecular Weight N/A

Chemical Formula N/A

Synonym(s) N/A

Mixtures

Name	CAS#	% by Weight	TLV/PEL	LC50/LD50
Refined Sesame Oil	8008-74-0	N/A	N/A	N/A

Section 4: First-Aid Measures

Inhalation	No special measures required
Skin Contact	Wash off affected body parts with warm water and soap
Eye Contact	Rinse thoroughly with plenty of water, also under the eyelids.
Ingestion	No special measures required
Symptoms/Effects	
Acute	No special measures required
Delayed	No special measures required
Immediate Medical Attention	
No special measures required	

Section 5: Fire-Fighting Measures

Suitable Extinguishing Media
CO ₂ , dry chemical powder, foam, sand
Unsuitable Extinguishing Media
No special measures required
Products of Combustion
No special measures required
Firefighters Special Equipment and Precautions
No special measures required

Section 6: Accidental Release Measures

Personal Precautions: Material can create slippery conditions. Measures for environmental protection: Do not allow product to reach sewage system or any water course Measures for cleaning: Soak up with inert material, Wash with warm water, mechanical collecting

Section 7: Handling and Storage

Handling: Keep ignition sources away - Do not smoke Storage: Keep in cool sheltered place to protect the product from thermal deterioration. For quality reasons only, product should be maintain between 15°C and 25°C

Section 8: Exposure Controls/Personal Protection

Exposure Limits	This product is not known to contain any hazardous materials with occupational exposure limits by the region specific regulatory bodies.
Engineering Controls	Not necessary
Personal Protection	Breathing equipment: In case of mist, spray or aerosol exposure, respiratory protection is recommended Hands protection: When handling hot product, suitable oil-proof protective gloves are recommended. Eye protection: If product may splash or accidentally be ejected, safety goggles are recommended. Body protection: When handling hot product, suitable protective clothes are recommended.

Safety Data Sheet

For Compliance with OSHA 29 CFR 1910.1200 and ANSI Z400.1-1998

Sesame Oil,NF (Parenteral Grade)

30-5109

Section 9: Physical and Chemical Properties

Appearance	Pale yellow, Liquid oil at room temperature		
Odor	Bland		
Odor Threshold	N/A		
Melting Point	N/A	pH	N/A
Freezing Point	N/A	Vapor Pressure	N/A
Boiling Point/Range	N/A	Vapor Density	N/A
Decomposition temperature	N/A	Viscosity	N/A
Partition Coefficient: n-octanol/water	N/A	Evaporation Rate	N/A
Flash Point	N/A	Autoignition temperature	N/A
Flammability	Product is not self-igniting		Flammability or Explosive Limits:
		Lower	N/A
		Upper	N/A
Solubility(ies)	Water: insoluble, Organic solvents: soluble		
Other	N/A		

Section 10: Stability and Reactivity

Reactivity	Stable under normal conditions of use
Chemical Stability	N/A
Hazardous Polymerization	N/A
Conditions to Avoid	N/A
Incompatible Materials	N/A
Hazardous Decomposition Products	Acrolein by air heating at temperature > 270° C

Section 11: Toxicological Information

RTECS N/A

Acute Toxicity

Non toxic product. Based on available data, no evidence of acute or chronic toxicity.

Skin Corrosion/Irritation

N/A

Serious Eye Damage/Irritation

N/A

Respiratory or Skin Sensitization

N/A

Germ Cell Mutagenicity

N/A

Carcinogenicity

N/A

Reproductive Toxicity

N/A

Routes of Entry

N/A

Symptoms Related to Exposure

N/A

**Safety Data Sheet**

For Compliance with OSHA 29 CFR 1910.1200 and ANSI Z400.1-1998

Potential Health Effects

N/A

Target Organ(s) N/A**Section 12: Ecological Information****Ecotoxicity**

Contains no substances known to be hazardous to the environment.

Persistence and Degradability

Readily biodegradable

Bioaccumulative Potential

N/A

Mobility in Soil

N/A

Other Adverse Effects

Other adverse effects: The product can float on water PBT and vPvB assesment: This product is not considered to be persistent, bioaccumulating nor toxic.

Section 13: Disposal Considerations**Waste Disposal**

Soak the product up with paper, cloth or sawdust and throw it in an appropriate waste bin. Don't throw in nature, in water and in drain.

Disposal of Container

N/A

Other Considerations

N/A

Section 14: Transport Information**DOT Classification**

Non dangerous and non classified product. For quality reasons only, product should be maintain between 15°C and 25°C. During shipment, possible temperature excursions beyond can be accepted as justified by the accelerated stability study data showing that the roduct isstable during 12 months at 40°C. In case of extended transport at temperature below 15°C, a slight cloudiness may occur without any effect on the quality of the product.

Section 15: Regulatory Information**Regulations**

Regulation (EC) 1272/2008: this product is not classified as hazardous, no labeling is required.

Other

N/A

Section 16: Other Information

Those information are based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship/ This product is not hazardous and therefore no formal Product Safety sheet is required. So there is no legally required format for provision of safety information. What we are providing in this Product Safety Sheet is only for information.
