Pharmacy Student Boot Camp

**In-Person
Houston, Texas**

DESIGNED FOR Pharmacy Students Interested in Reviewing and Expanding Their Knowledge of Compounding
SUMMER 2024 COURSE DATES May 21-22 | June 27-28 | August 8-9

BOGO DEAL! Buy 1 Registration at \$395 USD, Get 1 FREE Registration to the Same Course Date!

Overview

A 2-day, onsite training course that introduces pharmacy students to unique dosage forms, basic compounding techniques, regulatory updates, and quality and safety aspects used by contemporary compounding pharmacists. Students are enlightened to the reality and feasibility of opening their own compounding pharmacy and inspired to think of compounding as a viable, rewarding and fulfilling career pathway.

Gain hands-on experience in our state-of-the-art education lab, with equipment and technology designed to simulate a compounding environment based on the latest USP guidelines.

Boot Camp graduates are eligible to complete PCCA Institute's Advanced and Veterinary Compounding Lab courses.

For more information, contact Bindhu Batra, PCCA Director of Academic Affairs, at bbatra@pccarx.com.

Learn to Make a Variety of Compounded Dosage Forms

- Methocel gel
- Lollipops
- PLO gel
- Lip balms
- Rectal suppositories
- Capsules (using the Jaansun® Capsule Machine)
- Troches
- And more!

Dosage forms subject to change.

Course Instructors

Bindhu Batra, PharmD, started at PCCA as a Pharmacy Consultant in 2005 assisting member pharmacies with compounding unique formulations to serve the needs of their patients. She is currently the Director of Academic Affairs, where she coordinates compounding programs and services for pharmacy school students and School of Pharmacy members. She has been a pharmacist for over 25 years and has worked in a variety of practice settings. Her areas of interest include pediatrics and veterinary compounding. Dr. Batra holds a BA in Biology from The University of Texas at Austin, a BS in Pharmacy from the University of Houston, and a Doctor of Pharmacy from the University of Florida.

Jessica Messa, PharmD, is the PCCA Institute Academic Affairs Pharmacist. Her compounding knowledge and desire to help patients with unique clinical needs was cultivated during her time as the Nonsterile Lab Supervising Pharmacist at a PCCA member pharmacy. Her passion was creating high-quality, patient-specific compounded medications. Ensuring that these values were held pharmacy-wide became her mission. Her greatest area of interest within compounding is its impact on patients experiencing fertility issues. Dr. Messa holds a BS in Biology from Texas A&M University and a Doctor of Pharmacy from the University of Houston College of Pharmacy.

How It Works
